My Visit to the Dentist

My name is _____. Sometimes I go to the dentist.

First I sit in a waiting room. There may be other people there.

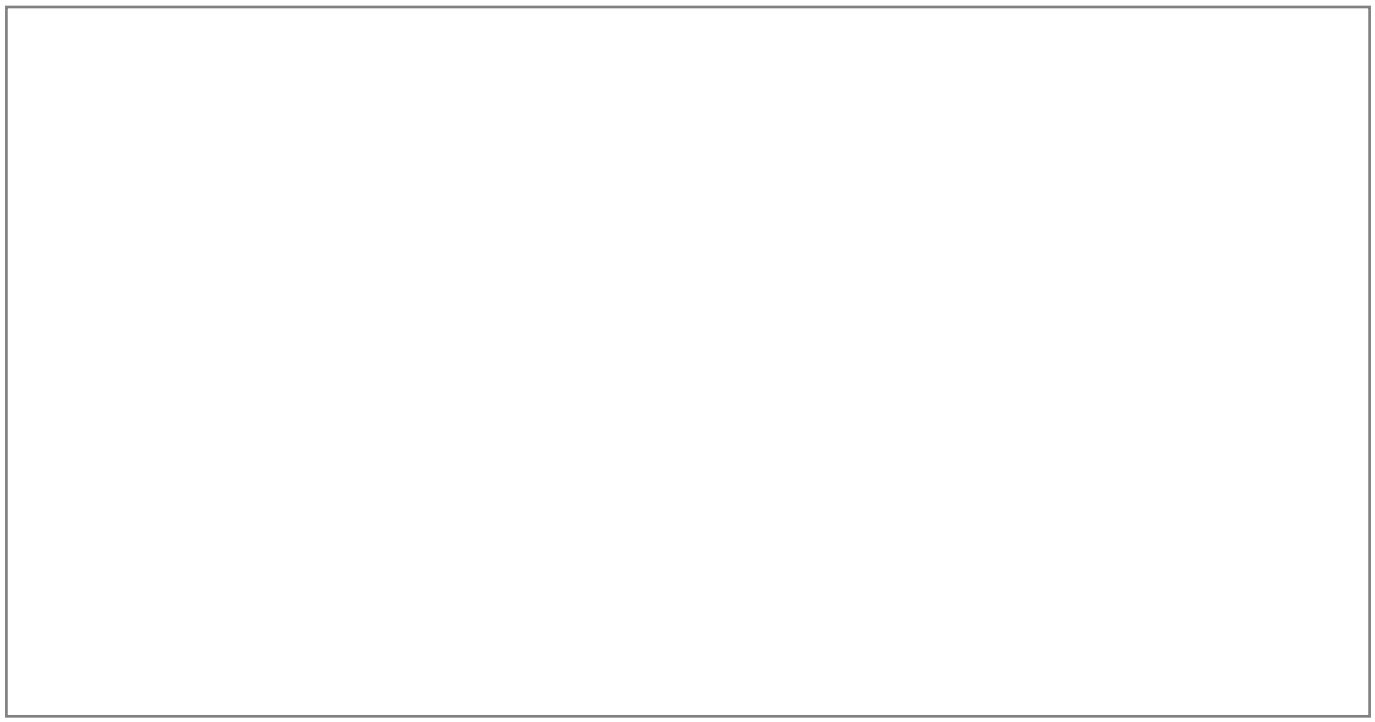
Then someone calls my name and I go to a big chair. The chair can lean back.



The dentist wears gloves and may wear a mask. There is a bright light.

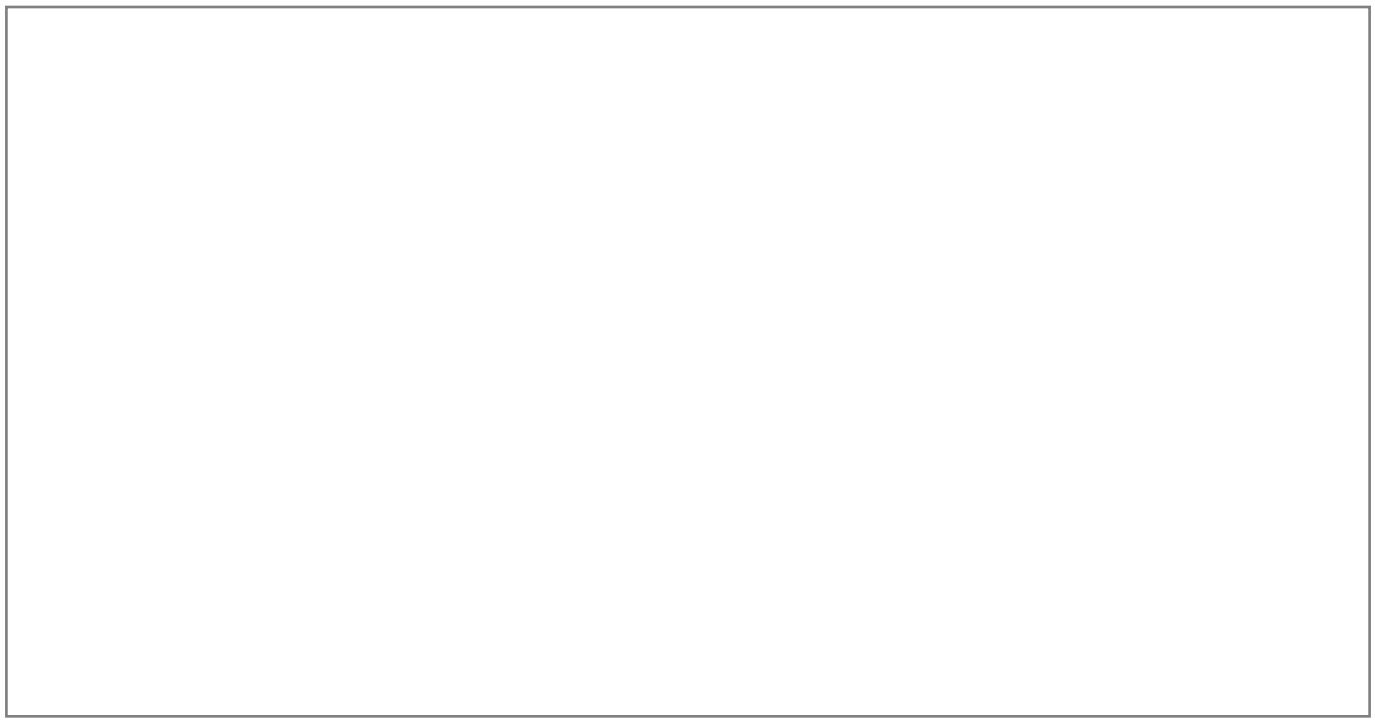
The dentist looks at my teeth and may count them. Some tools make noise.



If I need a break, I can raise my hand. I can show this to the dentist before we start.

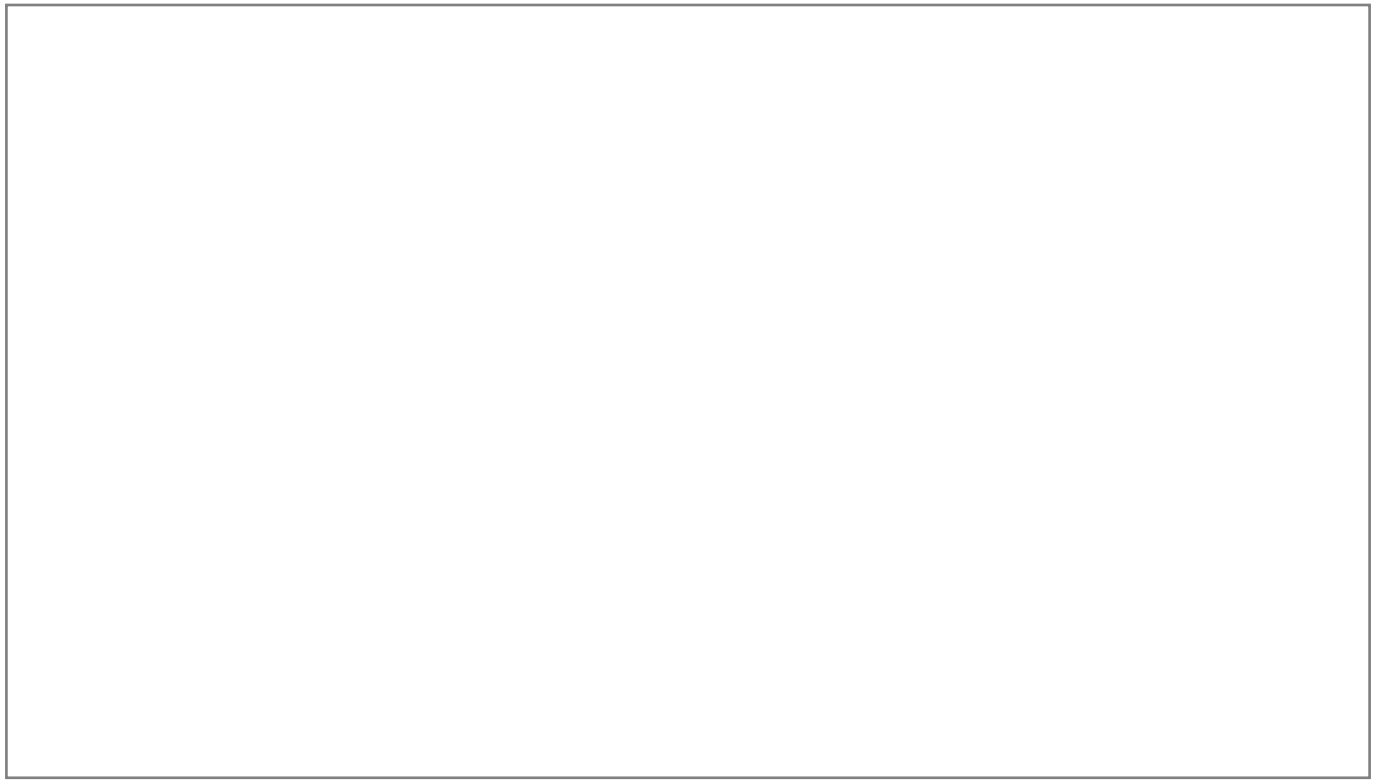
When the dentist is finished, the chair sits up again.



Then we leave. The visit is over.
